Ultracel Q+

THE NON-SURGICAL PATH TO JAW DEFINING

Experience the remarkable ULTRAcel Q+, a non-surgical solution that harnesses the power of High-Intensity Focused Ultrasound (HIFU) technology. This breakthrough treatment precisely targets the SMAS (Superficial Muscular Aponeurotic System) and dermis, providing a transformative facelift without the need for invasive procedures. By delivering ultrasound energy deep into the skin, ULTRAcel Q+ stimulates collagen production, resulting in a natural lift, enhanced tightness, and beautifully sculpts jaw for a more youthful appearance.

Unlike other HIFU treatments, ULTRAcel Q+ operates at nearly three times the speed, ensuring minimal discomfort and shorter treatment time.

Achieve a more defined lower face and jawline.

◆

Face and Neck Lift using dot mode

£495 up to 1hr

Comprehensive treatment for face and neck, including specialised fat reduction techniques for the lower face using the linear technique **£595 up to 1hr**

Dermapen

MICRONEEDLING

When the Dermapen is gently applied to the skin equipped with tiny sterile needles, these needles create precise, controlled micro-injuries. This process triggers the skin's natural healing mechanisms, stimulating collagen and elastin production. As a result, the skin undergoes remarkable rejuvenation, leading to improvements in texture, tone, and overall complexion.

Effectively addressing a range of skin concerns

- Fine lines and wrinkles
- Acne scars
- Uneven skin tone and texture
- Enlarged pores

Dermapen Advanced: Treatment includes thorough cleansing, exfoliation, microneedling and a rejuvenating Dermalux LED session.

£225 up to 75 minutes

Aarti's Signature Microneedling

Experience the unmatched combination of skin peels, micro-needling, mesotherapy, stem cells, and various masks, guaranteeing results that exceed your expectations.

Profhilo

FACE AND NECK

Rediscover your skin's youthful glow with Profhilo!

Imagine a skincare secret that brings forth a luminous and firmer complexion - enter Profhilo.

This groundbreaking treatment will redefine the way you see your skin. Just like a grape, your skin is plump and supple when it's well hydrated. But as moisture evaporates, it can lose its vitality, resembling a raisin.

Thankfully, Profhilo is here to give you that shot of hyaluronic acid back.

Profhilo is a skin booster treatment that uses a special hyaluronic acid formulation.

It stimulates collagen and elastin production, improving skin quality and hydration.

The procedure involves a treatment to be done today, again in four weeks and then maintenance once every six months.

PER TREATMENT

Face £180 up to 30 minutes

Neck £180 up to 30 minutes

SQT

BIO MICRONEEDLING

Experience the groundbreaking SQT Bio Micro-Needling – a 100% natural skincare revolution.

Unlike traditional microneedling, this technique involves no needles, ensuring zero breakage to the skin. Through the application of a special powder massaged with expert hands, it generates between 3 to 5,000,000 skin punches, accelerating skin rejuvenation from 28 days to an incredible 7 days.

Can be used for the treatment of:

Pigmentation

Oily skin & large pores

Skin redness & textural issues

Acne Scarring

Active Acne & Congestion

Fine lines & Wrinkles

A course of 4 treatments is recommended for optimal results every two weeks

Resurfacing face £200 up to 75 minutes

Revitalising face £200 up to 75 minutes

Anti ageing face £250 up to 75 minutes

Add-ons for neck and décolleté can be requested at treatment for an additional cost.

Harmony XL Pro

LASER RESURFACING

Harmony XL Pro, featuring an Erbium laser, operates by emitting controlled pulses of Erbium-doped laser light. This wavelength is absorbed by water in the skin, causing controlled thermal damage. The body's natural healing processes then kick in, promoting collagen production and skin rejuvenation.

It's commonly used for the following

- Combat ageing skin, fine lines and loss of elasticity.
- Reduce breakouts and achieve clearer, healthier-looking skin.
- Minimise the appearance of scars.
- Address uneven skin tone and hyperpigmentation reduces pore size.

Coolifting

OXYGEN BEAUTY GUN

Introducing the oxygen beauty gun, a skincare treatment that goes beyond rejuvenation by quenching your skin's thirst for hydration.

This innovative technique combines the power of cold, high-pressure CO2 and specialised active ingredients of hyaluronic acid to deliver exceptional results. By stimulating blood micro-circulation, the CO2 infuses your skin cells with vital oxygen, promoting a healthy and vibrant complexion.

The Coolifting treatment can be incorporated into various facials for an additional cost of £50 per ampoule

Fillmed

BEAUTIFUL-EYE AND NUTRI NECK

THE SECRET TO BRIGHTER EYES

FILMED BEAUTIF-EYE

Beautif-Eye Treatment is a non-surgical cosmetic procedure that uses a special formulation called NCFT135 to rejuvenate the delicate skin around your eyes. This treatment is designed to reduce the appearance of fine lines, wrinkles, and dark circles.

REJUVENATE YOUR NECK WITH FILMED BIO NUTRI NECK TREATMENT

Fillmed Bio Nutri Neck is an innovative treatment designed to rejuvenate the neck area and reduce the signs of aging. It works by injecting a unique blend of hyaluronic acid, amino acids, vitamins, and minerals into the skin, which helps to restore the skin's natural balance and promote collagen production.

**3 sessions 2 weeks apart £125 each session
approx 60 mins includes LED light**

Dermaplane

Dermaplaning is a gentle exfoliation technique that involves using a sterile surgical scalpel to remove dead skin cells and fine facial hair. It can leave your skin feeling smoother and more radiant.

You can include dermaplaning as an optional add-on to most facials £40 up to 40 minutes

Dermalux

Dermalux light therapy employs different wavelengths of light—red, blue, and near-infrared—which penetrate the skin at various depths.

The red light stimulates collagen production, reducing fine lines and wrinkles while improving skin texture and tone.

Blue light targets acne-causing bacteria, reducing inflammation.

Meanwhile, near-infrared light penetrates deeper, promoting cellular regeneration and healing.

Additional add-ons of the Dermalux to different treatments £40 up to 30 minutes

Skin at home

LOVING YOUR SKIN AT HOME

At Aarti's Skin, we understand the fundamental importance of a solid homecare routine. We prioritise the essential role it plays in maximising the benefits of your treatments. By thoughtfully selecting exceptional products, we ensure you have the necessary tools to nourish and nurture your skin. Remember, investing in your skincare is investing in yourself that small amount of time in the morning in the evening is just for you. Self-love.

Here are the four skincare brands we work with

Matis Paris A prestigious skincare brand from France known for its innovative formulations.

Obagi A renowned American skincare brand trusted by professionals for its advanced skincare solutions.

Mesoestetic A Spanish skincare brand recognised for its cutting-edge cosmeceutical products.

Jan Marini An acclaimed American skincare brand offering science-backed solutions.

Skinade

COLLAGEN DRINK

Skinade has become the go-to skin drink among celebrities and trusted by top plastic surgeons for good reason. It is renowned for its exceptional quality and unrivaled effectiveness.

Formulated with a powerful combination of vital nutrients, Skinade works from the inside out to nourish and revitalize the skin. Packed with collagen-boosting peptides, vitamins, and minerals, this remarkable beverage promotes optimal skin health.

Introducing Skinade means introducing the most effective collagen skin drinks on the markets.

During the initial three months, simply incorporate Skinade into your daily routine.

£110 per month

Following this intensive phase, a transition to an alternate day consumption pattern is recommended. With 30 bottles providing a two-month supply, your monthly cost decreases to £55

A&D

SKINADE DERMA DEFENSE

If you're a fan of retinol, you can now enjoy its benefits throughout your entire body, by drinking Skinade Derma Defense A&D Boost.

Low levels of vitamin A and D can have a negative impact on your skin's appearance. Vitamin A, also known as Retinol, stimulates natural skin cell renewal, improves elasticity, and enhances hydration. Dry skin and a tendency towards pigmentation are common signs of low vitamin A levels.

Vitamin D, often referred to as the 'sunshine vitamin,' works in conjunction with vitamin A to protect, revitalize, and repair the skin. This liquid formulation ensures high absorption and bioavailability, resulting in optimal results.

You can purchase a 30-day supply of Skinade Derma Defense A&D Boost for £45

For the first three months, you drink it daily, then take a month off, followed by consuming it every other day.

After the initial three months, the cost averages out to £22 per month.

Many clients combine it with the collagen drink to provide their skin with all the necessary nutrients it requires.
